

CFAR seminars will be held at Birkbeck College, Malet Street, WC1 (ROOM 414 & 415)

SHORT COURSES AT CFAR

CFAR offers a series of short courses on themes in Lacanian psychoanalysis. No prior knowledge of Lacan is assumed and the seminars will all include clinical examples involving the kind of problems and questions that are common to diverse currents in contemporary psychotherapy.

SUMMER TERM 2017

HYSTERIA & OBSESSION

Freud's theory of the neuroses lies at the heart of the theory and practice of psychoanalysis. These seminars will explore Freud's early work with hysteria and obsession in the 1890s and its development over the years. What was his clinical approach and what did he learn from hysterical and obsessional subjects? And how can we assess these ideas today, from the perspectives elaborated by Lacan?
